November Newsletter

Happy Thanksgiving!

Monthly Meeting

It was standing room only at the November meeting. Special thanks goes to John Couch for his informative talk on the use and care of hand files. For people like myself with little experience working with metal his willingness in sharing his knowledge is very much appreciated.

A weekend John C Campbell Folk School

Several of our folks, Ron Nichols, Billy and Gabby McCullough, Paul McIntyre, John Couch and Clint "Buzz" Busbee traveled to the John C Campbell Folk School in Brasstown North Carolina for their "Hammer In". While there they constructed this beautiful Boot Scraper. Dan Broomhead made a significant contribution to the project although he wasn't able to make the trip.

Great Job Guys!

Project of the Month

You can almost hear that slab of beef sizzling over a bed of charcoals thanks to these four great steak turners, November's project of the month. I didn't envy the judges in deciding a winner but when it was all said and done the award goes to Gary Brown.

Congratulations Gary!

Thanksgiving Schedule

The Forge will be closed Wednesday, the 25th and Thursday (Thanksgiving). Stay home and eat a lot of turkey!
